

# CRC

**CUSTOM ROLLFORMING CORP.**

**Taking your roll forming projects  
from design to fabrication.**

# INDUSTRIES SERVED

*Some of the industries we serve and the products for which we supply components:*

## **TRANSPORTATION**

- Tractor Trailers
- Horse & Livestock Trailers
- Industrial Trailers
- School Buses

## **MATERIAL HANDLING**

- Conveyor Components
- Crane Components
- Overhead Track
- Warehouse Racking Systems

## **POINT OF PURCHASE**

- Merchandise Racks
- Store Fixtures
- Counter Trim
- Vending Machine Trim

## **OFFICE FURNITURE**

- Metal Partitions & Walls
- Drawer Slides
- File Cabinets
- Tables & Chairs

## **RECREATIONAL VEHICLES**

- Trailers & Pop-Up Campers
- Bunk Slides
- Golf Carts
- Boats

## **AGRICULTURE**

- Livestock Barns & Pens
- Grain Bins
- Grain Dryers
- Greenhouses

## **ELECTRICAL**

- Cabinet & Encloser Frames
- Transformers
- Cabinet Drawer Slides

## **CONSUMER PRODUCTS**

- Appliance Trim
- Drawer Slides
- Recreational Products

## **FILTRATION**

- Dry Food Shakers
- Filter Canisters

## **CONSTRUCTION**

- Steel Framing Components
- Wall & Door Panels
- Movable Walls
- Metal Building Components
- Bleachers
- Scaffolding

## **SOLAR ENERGY - PV/CSP**

- Ground Mount Structures
- Roof Mount Structures

## **LIGHTING**

- Light Fixtures / Housings
- Reflectors

## **OFF-ROAD EQUIPMENT**

- Agricultural Vehicles & Implements
- Roll-over Protection Systems

**fast turnaround**

**competitive pricing**

**on-time delivery**

**COMPREHENSIVE ROLL FORMING SERVICES**

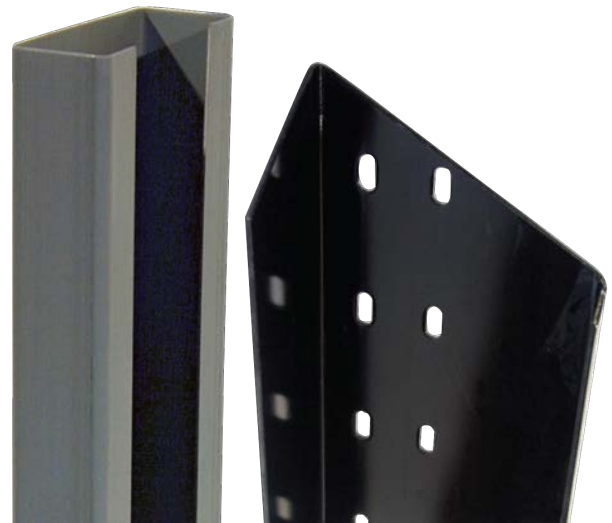

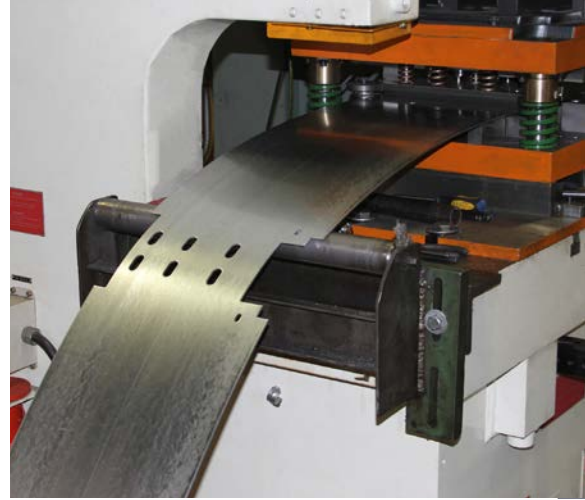

**LIGHT AND HEAVY GAUGE APPLICATIONS**

## **CAPABILITIES**

- **Material Thickness from 30 ga to 1/2" thick**
- **Steels:**
  - CRS, HRS, HSLA, Aluminum, Copper**
- **Stainless Steel:**
  - 200, 300, 400 Series SS, Polished, Hardened**
- **Pre-Coated Steel**
  - Pre-Painted, Galvanized, Galvanneal, Galvalume**
- **Strip Widths Up to 24" Wide**
- **Inline Punching & Notching**
- **Inline Welding**
- **Inline Curving and Bending**
- **Rollformed Rings and Ring Segments**
- **Ten Rollforming Lines**
- **Maintenance Free Tooling**
- **Standard Shapes from Existing Tooling**
- **Simple to Complex Shapes**
- **Engineering and Design Assistance**

## **SECONDARY PROCESS CAPABILITIES**

- **Powder Coat and Paint**
- **Assembly**
- **Welding**
- **Offline Punching and Notching**
- **Robotic Welding**
- **Hot Dip Galvanizing**
- **Inventory Parts for J.I.T. Shipping or Releases**
- **Laser and Plasma Cut**

# TAKING YOUR PROJECTS FROM DESIGN TO FABRICATION

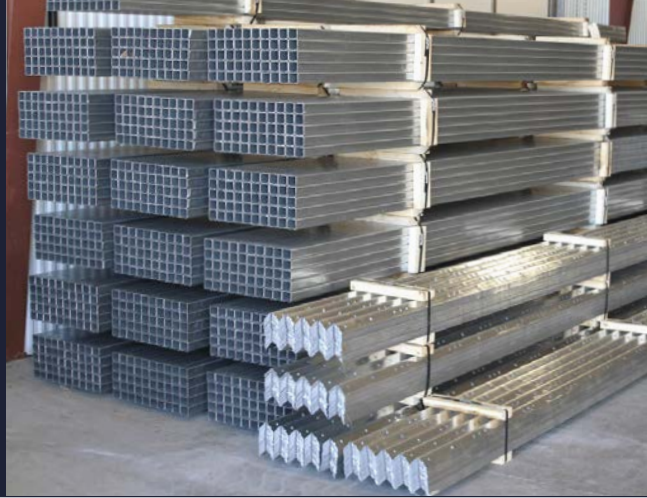

Custom Rollforming Corp., located in Moundridge, KS, is a custom rollform company that houses ten Bradbury roll forming lines in 51,000 square feet of manufacturing space.

We serve a variety of industries which include agriculture, transportation, solar, and construction. Equipped to handle a wide variety of rollforming operations efficiently and economically, CRC can produce your simple to complex roll form shapes.

## GET EXPERT ENGINEERING & DESIGN ASSISTANCE

The production of consistently accurate rollformed parts begins with precision tooling and production planning. Our roll tooling is designed and produced in-house, using the latest CAD technology, and made from premium tool steel. Our engineering production team will consult with your staff to review your requirements and develop a plan and production schedule that meets your needs. Through timely planning, we can optimize production methods, eliminate false starts, and avoid costly delays.

**As a member of The Bradbury Group, our rollforming machines are known for their reliability, accuracy, and money-saving productivity.**

**CRC's facility is equipped to handle a variety of rollforming operations and has ample room for specialty equipment.**

## **CUT YOUR INVENTORY COSTS**

**Let us manage the product flow to your facility and save you the space and expense of warehousing an unnecessarily large inventory of rollformed parts. This offers you cash-flow and workflow benefits. We review your production requirements and usage cycles and target our output, stocking, and delivery timing to accommodate your production schedule. We track parts and send your purchasing department detailed reports.**

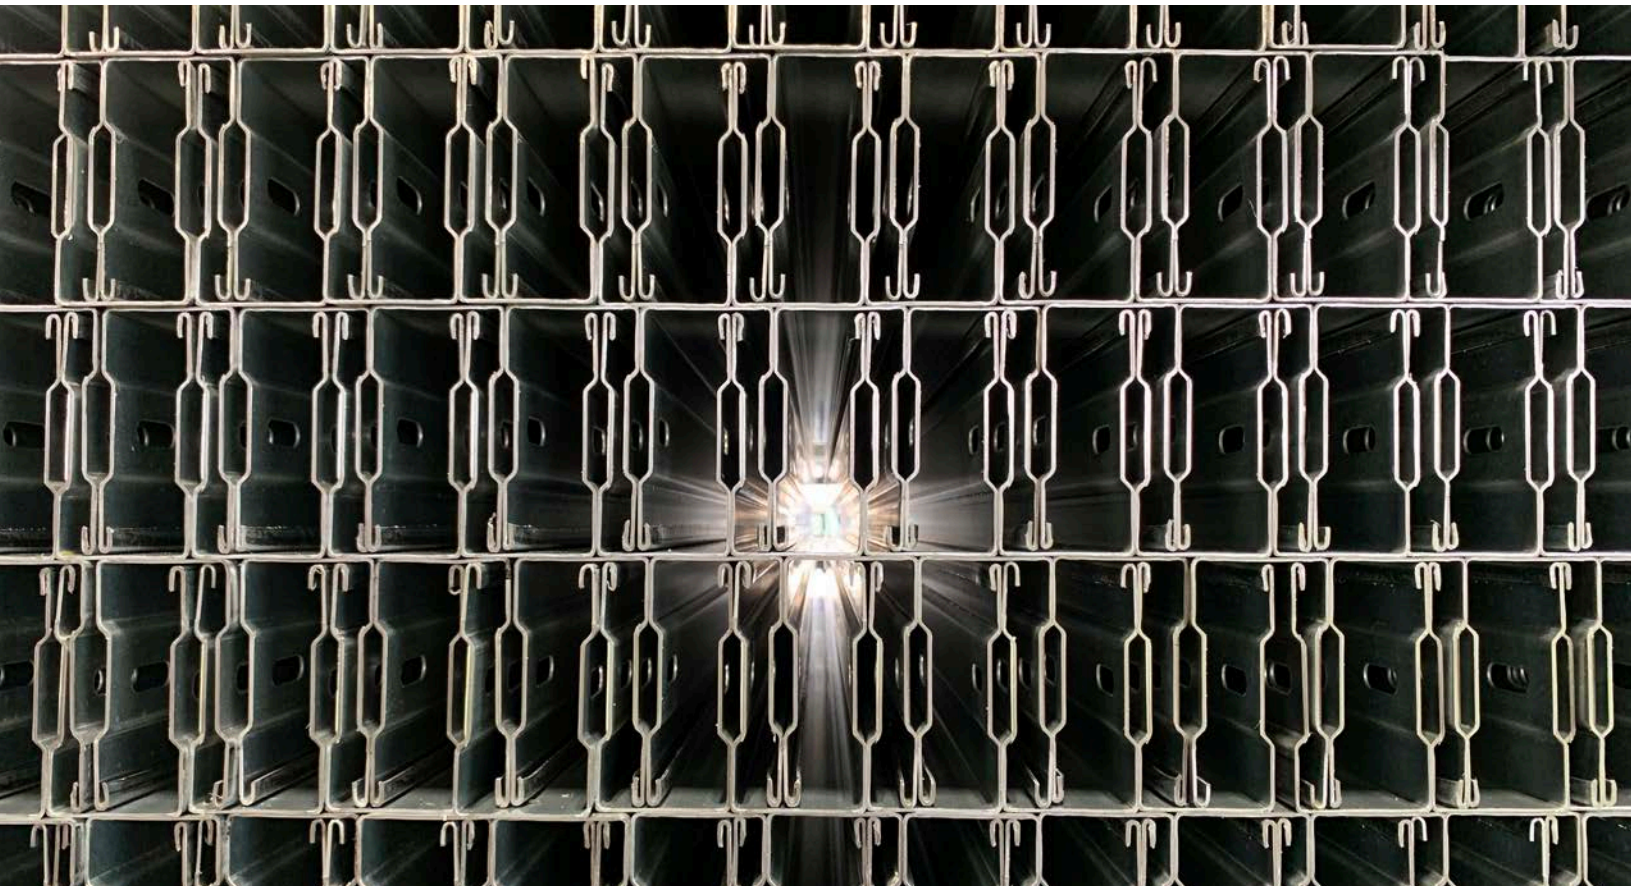

201 South Avenue C
