QB-ELITE

## QuickBooks

QB-Elite

Production Line

SmartComm

* Enter Sales Order in your web browser from any computer.
* Uses existing data from your QuickBooks for Customers, Items and Pricing.
* Calculates length totals based upon the batch quantities and part lengths, eliminating manual entry errors.
* Allows Customer specific pricing structure.
* QB-Elite pushes data to QuickBooks for accounting functions and to SmartComm/Connex for production functions.
* Orders can be entered or modified in both QuickBooks and QB-Elite
* Coil inventory can be deducted from QuickBooks
* Builds required for inventory maintenance can be generated automatically

100% Committed to Customer Service
Customer Service – Activity associated with after-sale support to maintain the value of the product.
